SUGAR BOWL ACADEMY NORDIC

SWEAT. STUDY. REPEAT.

Welcome to a typical day on a not-so-typical path. It's filled with a mix of mental and physical tests. Science and snow. Algebra and altitude. The routine can be grueling. And we wouldn't have it any other way.

BALANCING ATHLETIC & ACADEMIC EXCELLENCE

We'll help you thrive on the dual pursuit of rigorous academics and competitive skiing in an environment that celebrates hard work and the pursuit of worthy goals.

THE MOST CROSS COUNTRY IN THE COUNTRY

When you're training to compete at the collegiate level and get on the U.S. Ski Team, you need a lot of land. And we have it. More than any other school in North America. Yes, you can expect lots of training—all based on your individual needs. It's how we'll prepare you to become state champions, compete at Junior Nationals, race SuperTour events, race at U.S. Nationals, and qualify for international competitions. Here, you can choose your path.

YOUR HOME AWAY FROM HOME

Roughly a third of Sugar Bowl Academy student-athletes live on campus in the residence hall during the school year. Our residential life program emphasizes respect for one's self and others, cooperation, healthy relationships, trust, and independence. And, what better than having nordic trails right outside your door!
